“ General Contingent Expenses,	2,000 00
	\$179,000 00

There has been received from the sales of land, the sum of \$7,582 71, and this has been appropriated towards the reduction of the City Debt, in conformity to a vote of the City Council.

There remain in the Treasury the notes of sundry individuals, secured by mortgage, of \$35,866 62, which, as they become due, will be appropriated to the liquidation of the City Debt, as directed.

By law, the proceeds of sales of lots or rights of burial in the Cemetery at Forest Hills, are yearly paid into the City Treasury, and kept separate from all other funds of the City, and subject to the order of the Commissioners, to be applied by them in the

manner provided by law. For further details concerning the affairs of the Cemetery, reference may be made to the Annual Report of the Commissioners, which is appended.

The amount received into the Treasury from February 1, 1859, to February 1, 1860, from sundry persons, for sales and grading lots, including balance on hand, was	\$22,317 70
And the amount paid upon the drafts or orders of Commissioners for the same period was	21,079 29
	<hr/>
Leaving a balance in the Treasury, Feb. 1, 1860,	\$1,238 41
The Cemetery Debt, Feb. 1, 1859, was	\$13,000 00
Of which there has been paid during the year,	2,000 00
	<hr/>
Reducing the debt to	\$11,000 00

Annexed are statements of the unexpended balances of the appropriations of the previous year, and the appropriations and transfers of 1859;—the details of the expenditures under their appropriate heads,—and the present balances of each appropriation,—a schedule of the City Debt,—and a schedule of the Real and Personal Property of the City.

There will be found appended:—

* The Debt of the Cemetery is kept separately from the ordinary City Debt, and provision is made for the payment of the same by the proceeds of the sale of lots in the grounds, as will be seen by the following section from the Act obtained from the Legislature :—

SECTION 4. "The proceeds of sales of lots or rights of burial in said Cemetery shall be paid into the City Treasury, to be kept separate from any other funds of the City, and subject to the order of said Commissioners, and such proceeds shall be devoted to the liquidation of the debt incurred in the purchase of the land for said Cemetery, and to the improvement and embellishment thereof, as aforesaid, under the direction of said board of Commissioners. And no other moneys shall be appropriated from the City Treasury by the City Council for such improvement and embellishment."

JOSEPH W. DUDLEY, *City Treasurer.*

Roxbury, February 28, 1860.

CITY OF ROXBURY, FEBRUARY 28, 1860.

The undersigned, Joint Standing Committee on Accounts, in pursuance of the provisions of the eighth section of the Ordinance entitled "An Ordinance establishing a system of Accountability in the Expenditures of the City," requiring them to audit the Account of the City Treasurer at the close of each municipal year, and as much oftener as they may deem expedient, hereby certify that we have examined and audited the within Account of JOSEPH W. DUDLEY, City Treasurer, and find the same correctly cast, and all payments and expenditures therein charged against the City, are sustained by the necessary vouchers.

We find that there has been received into the Treasury, at sundry times within the year ending January 31, 1860, the sum of *three hundred ninety-five thousand three hundred eighty-eight and 76-100 dollars*, which, with the balance on hand January 31, 1859, of *twenty-two thousand nine hundred ninety-one and 95-100 dollars*, makes a total receipt of the year of *four hundred eighteen thousand three hundred eighty and 71-100 dollars*; and that there has been paid out from the Treasury during the same period, the sum of *three hundred eighty-nine thousand five hundred six and 59-100 dollars*, leaving in the Treasury January 31, 1860, a balance of *twenty-eight thousand eight hundred seventy-four and 12-100 dollars*.

R E P O R T

OF THE

OVERSEERS OF THE POOR.

ROXBURY, FEB. 27, 1860.

THE Overseers of the Poor of the City of Roxbury, respectfully submit their Annual Report for the past year.

There are now in the Alms-house thirty inmates, consisting of old people past work, middle aged, incapacitated, either bodily or mentally, and children. All need kind and indulgent treatment, which they have ; and it is creditable to the liberality and humanity of the City, that they are better provided for, fed and clothed, than a large number of the tax payers. There seems little, if any thing, to be done to improve the condition of such, except educating and properly guiding the young, which is attended to.

A large part of the building being unoccupied, a recommendation was made last year, that it be made useful as a place of confinement for truant children. The necessary alterations have been made, and ample provision of house and yard room secured, from which the best results are expected.

It has been found difficult, dangerous, and expensive, to heat the number of apartments necessary, with stoves,—the mode heretofore adopted. To overcome these obstacles the Overseers have recently put in operation there, the steam heating apparatus of Messrs. Chubbuck & Son. The result is most satisfactory and gratifying. The saving of fuel is very considerable ; the heat abundant and of the most agreeable quality, and the labor of the house as well as danger from fire largely diminished. Connected with the boiler are the wash-tubs in the lower room, so that all the water is heated by steam, and this is made a convenient, comfortable apartment now, in place of the opposite, as before.

The neat, orderly and homelike manner in which Mr. and Mrs. Young conduct the establishment, entitle it to take rank with those most approved.

The number of transient lodgers during the year has been 303. The number sent to the State Alms-house during the same period, 103.

The Receipts for Support of the Poor from February 1, 1859, to February 1, 1860, were as follows:—

Balance undrawn February 1, 1859,	\$1,650 17
To cash received of West Roxbury,	579 86
“ “ Other Towns and Cities,	77 60
“ “ Commonwealth, Pauper Account,	120 00
“ “ Ezra Young,	50
“ Appropriated,	8,000 00
	<hr/>
	\$10,477 63

Expenditures.

For support of the Poor from February 1, 1859, to February 1, 1860,	\$8,352 82
Transferred to Contingent Expenses of 1859-60,	763 60
To balance undrawn February 1, 1860,	1,361 21
	<hr/>
	\$10,477 63

Accompanying this Report are the Annual Reports of the Superintendent of the Alms-house, the Alms-house Physician and the Agent of the Overseers, by which the details and particulars of the establishment will fully appear. The above officers have all been faithful and attentive to their duties, and merit the full confidence of the community.

THEODORE OTIS,

Chairman of the Overseers of the Poor.

IN BOARD OF OVERSEERS OF THE POOR, MARCH 5, 1860.

Referred to the Mayor, with the request that he will cause the same to be printed with the Annual Report of the Receipts and Expenditures of the City.

JOSHUA SEAVER, *Secretary.*

REPORT OF THE SUPERINTENDENT OF THE ALMS-HOUSE.

ROXBURY ALMSHOUSE, JANUARY 30, 1860.

To the Overseers of the Poor of the City of Roxbury :

GENTLEMEN—As it becomes my duty again to make to you the Annual Report of the condition of the poor at the Alms-house, permit me to present the following statements :—

The number of inmates in the house, February 1,	24
1859, were	33
Roxbury people admitted during the year,	— 57
Discharged and absconded,	27
Died,	3
	— 30
Now remaining in the house,	27
Average number,	30

Four of the above number are West Roxbury paupers, for which the City have been liberally paid for their support, and during the last week they have removed two of their paupers, leaving only two, which they will remove soon.

The number of travellers furnished with food and lodging during the year, not having any settlement here or elsewhere in th State, have been 330.

The number sent to the State Alms-house were 105.

The health of the inmates the past year will compare favorably with former years. There have been several cases which required the constant attention of the physician, Dr. Streeter, who has always attended to them with cheerfulness and with good results. For a further knowledge of the medical department, you will please see his report.

As a general thing the inmates have conducted themselves well. A majority of them appear satisfied with the good home the City have provided for them. I have done all in my power to make their lot pleasant.

There are fault-finders, and my experience with that class of our inmates has been that before coming here they made their homes and friends miserable by their unhappy and irritable dispositions ; from such ones I give ear to their complaints and do the best with them I can.

The expenses for the support of all the poor, in years past, has

been denominated "Alm-house," and with the public, who are not acquainted with the facts in the case, the house is charged with expenses not properly belonging to it.

In justice to myself and the Board of Overseers of the Poor, I deem it my duty to set forth the whole amount for support of the poor the past year as follows:—

	\$7,954 48
Of this amount there has been paid for support of poor outside of the Almshouse,	2,498 00
Leaving the net expenditures for support of poor in the Alms-house, including a steam apparatus for heating the house and washing purposes, (which cost \$1,000,) and all other necessary repairs,	5,456 00

During the past fall the City Council have erected a fence, enclosing about 5,000 feet of land at the west end of the house for the purpose of a school yard for truant boys, sent to this Institution by the Police Court under the provisions of the Ordinance of the City Council relating to truant children. Three rooms have been fitted up for the reception of such boys as are sent here by order of the Court. The number already admitted under sentence is seven. The school for them will commence this week. The expense for the support of the school and boys should be chargeable to some other appropriation than the Poor Department.

The produce raised on the land I do not deem necessary to give in detail, suffice it to say there were all kinds of vegetables raised in sufficient quantities for the use of the house, except potatoes, and they have been a perfect failure every year since we left the Brook Farm.

Pork raised and killed, 2,719 pounds; milk, 1,500 gallons.

Stock and Utensils.—Horses, 1; cows, 3; hogs, 6; horse-wagons with harnesses, 3; horse carts, 1; sleigh, 1; and all other farming tools necessary for the use of the place. There are two horses, with wagons and harnesses, for the collection of house offal, that do not belong to the Poor Department, the expense of which is charged to the "House Offal" account.

Furniture and Bedding.—There are 37 iron bedsteads; 5 wooden do.; tables, chairs and other furniture, a necessary supply; feather beds, under beds, pillows and pillow cases, sheets, bed-spreads, &c., all in sufficient quantities to supply the wants of the house.

Respectfully submitted,

EZRA YOUNG,
Superintendent of the Alms-house.

REPORT OF THE AGENT OF THE OVERSEERS OF THE POOR.

To the Overseers of the Poor for the City of Roxbury :

The Subscriber, your Agent for receiving applicants for *out-of-door aid* and for granting relief to such as are deemed proper subjects to receive the assistance of the Board, herewith submits his Annual Report for the year ending with this month.

As directed by the Board, he gives his personal attendance in the office assigned him, the three first and two last months of the year, from 9 to 12 every forenoon and the afternoons to the investigation of the cases presented. During the other seven months he hears and examines all cases that are presented, but is not confined to office hours. The last year has been more favorable to the laboring classes than its immediate predecessor, and yet the applicants for aid have been as numerous as in 1858. A certain class of applicants, in the nature of things, will be annual, caused by sickness, accidents and deaths in their families. Many live from hand to mouth, and when from any cause, labor ceases, supplies also cease.

I have endeavored to carry out the views of the Board in a system of policy for granting aid. When an industrious woman with a family of children applies, and I am satisfied that a monthly allowance of fuel will help her through the winter, I feel that I carry out your views to grant it. Such as are not of that industrious class and have no means of support, I refuse, and propose the State's provision. As a general rule I refuse aid where the head of the family is an able-bodied man, except by reason of some unusual sickness. There are in this city a number of widows living alone in single rooms, paying from \$1 to \$1.50 per month rent, earning (many of them) nothing, and are very pertinacious in their demands for *fuel*, and who undertake to place their cases side by side with an industrious class who, with the aid the city gives, support and clothe their children and keep them at school. As a rule that class of applicants are refused aid. The outside pressure of individuals (who in the very nature of things know but very little of the merits of the case) compels me to depart from what I think to be a good rule sometimes. The same objection exists that I noted last year, on the part of many, to the State Alms-house—why it does, I cannot tell; here they are well fed, well clad, and if sick, properly nursed, and if there are children sent, they enjoy the privileges of schools as good as our own.

The number of applicants for aid during the year, with the number aided and amount granted for those who have no settlement in the State, and also the number applying, and amount granted to such as have a settlement here or elsewhere in the State, is annexed to this.

Number of persons applying to the Agent for aid, numbers aided and amount of aid granted to those who have no settlement in this State, by Wards :—

REPORT OF THE PHYSICIAN TO THE ALMS- HOUSE.

To the Board of Overseers of the Poor :

GENTLEMEN,—In submitting the Annual Report of the Medical Department of the Alms-house, I can present nothing of particular interest, or add any thing to what has been said in former reports.

The average of health of the inmates proper, during the year, has been good, although the number requiring medical attendance has been larger than for several years—a number of persons having been received into the house who were too ill to be removed to the State Alms-house. Thirty-two persons have received medical attendance at the house during the year, sick with various

diseases, viz :—Inflammation of the lungs, measles, typhoid fever, scarlet fever, small pox, varioloid, dysentery, consumption, dropsy and syphilis ; besides others for trifling illness. One person sick with typhoid fever has been attended at his boarding place, being too sick to be removed. Three deaths have occurred in the house, one each of consumption, dropsy and small pox. There has been one birth.

I congratulate the Board upon the consummation of a long desired improvement in the method of heating the house by the introduction of steam. Its beneficial effects have already been shown by producing a uniform temperature throughout the house, adding to the comfort of the inmates, lessening the amount of sickness by diminishing the liability to sudden colds, to which the inmates were exposed by the former method of heating with close stoves ; vastly improving the quality of the air which they breathe, and obviating almost entirely the danger from fire. As an economical measure, I believe its operation will be twofold—the saving of fuel, and promoting the health of the inmates.

It gives me pleasure again to commend the uniform kindness and attention of the Superintendent and his wife to those committed to their charge. The old, the middle-aged and the young, are alike the object of their faithful care.

Having held the office of Physician to the Alms-house the past four years, I would respectfully decline a re-election. In taking leave of the Board I desire to return my thanks to the members, past and present, and to the Secretary, for the kindness and courtesy extended to me during my official connection with the Board.

Respectfully submitted,

JOSEPH H. STREETER,

Physician to the Alms-house.

Roxbury, Jan. 31, 1860.

REPORT

OF THE

CHIEF ENGINEER OF THE FIRE DEPARTMENT.

To the Honorable Mayor, Aldermen and Common Council :

GENTLEMEN,—Agreeably to the Ordinance regulating the Fire Department of this City, I hereby transmit my Annual Report.

The present condition of the Department is every way satisfactory. The companies have a full complement of men and are prompt to respond when duty requires.

For several years past the number of false alarms has been a source of great annoyance to the firemen, calling them needlessly from their work, or their beds, without cause. Early in the season the Board of Engineers caused measures to be taken to prevent their so frequent occurrence if possible. The result, I am happy to state, has been most satisfactory.

The Department has not been called out but three times the past year by false alarms.

While the Department has been through the year in all respects fully equipped and ready for action, it gives me great pleasure to state that the loss to the community the last year was far less than the previous one.

The Board of Engineers have striven to be always ready for action, but to have the occasions as few as possible.

The community have been, for two or three years, justly alarmed at the numerous incendiary fires constantly occurring; they grew continually more bold and audacious, but, thanks to the skill and wisdom of the City Marshal and his Assistants, the measures which they instituted to detect the villains were crowned with success. Several parties were caught in the act of firing buildings, and it is believed from the fact that incendiary fires have almost ceased, that the right ones were caught, and their accomplices (if they had any) from fear of falling into the hands of the officers, have abandoned the business.

In most cases where persons are detected in acts of incendiarism, it is sad to find that they are attached, in some way, to the Department.

These things, and other evils which we will not here specify, have caused many to believe that the time has about come in our

large cities, to devise some more satisfactory method of extinguishing fires. The trial which is now going on in many places, of using steam fire engines, is fraught with important results, and I would express it as my conviction that the day is not distant when we shall be called upon to consider the expediency of having one in our city.

Our Department is small, yet I hesitate to urge that it should be increased; but if it should be decided to procure a suitable steam fire engine in place of one of the organized companies now existing, it would be the beginning of better things in the Department, and would eventuate in making the extinguishment of fires a matter of business, instead of excitement, rivalry and severe physical toil, as is now too often the case, and in my opinion, be more economical.

We have been careful not to ask for assistance from out-of-town, unless absolutely called for; while our Department has rendered effective service to the neighboring towns nine times.

In conclusion, allow me to return my thanks to the government for the readiness to meet the wants of the Department, and also to express the opinion that it would be wise to continue the construction of reservoirs in the most exposed places, as heretofore.

The accompanying documents give a complete report in detail of the members of the Department—the condition of the engines and apparatus—list of hydrants and reservoirs, and the general condition of the Department.

REPORT

OF THE

COMMISSIONERS OF FOREST HILLS CEMETERY.

IN conformity to the fifth section of "An Act relative to a Public Cemetery in the City of Roxbury," the Commissioners respectfully submit their

TWELFTH ANNUAL REPORT.

A LOT has been purchased by the "Firemen's Association of the Boston Fire Department," containing 13,594 square feet, situated on Cypress Hill, and bounded by Columbine Path, Cypress and Poplar Avenues. It commands one of the finest views in the Cemetery, and it is the intention of the Association to erect, at some future time, a suitable monument.

LOTS PREPARED. One hundred and thirty-three lots have been prepared and ornamented with trees and shrubs.

LOTS SOLD. Eighty-six lots, averaging 300 square feet, and one hundred and three graves in the Field of Ephron.

LOTS FINISHED. One hundred and fifteen lots are now finished and ready for sale. There are sixty lots in progress. One hundred and twenty graves are finished in the Field of Ephron.

MONUMENTS. Twenty-three monuments have been erected the past year.

AVENUES AND PATHS. Eight hundred feet of avenues and fifteen hundred feet of paths have been excavated and filled with stone and gravel.

FENCES. Twenty-seven lots have been enclosed with iron fences, five with hedges and four with granite curbing, the past year.

INTERMENTS. Four hundred and eighty-four interments in private lots and in the Field of Ephron have been made the past

year. A lot of land containing 36,250 square feet has been purchased of the heirs of Frederick Chandler. This piece of land is situated on Canterbury Street, and bounded on three sides by land of the Cemetery.

A drain has been deepened through land of John Parkinson, which causes a better drainage to the Cemetery land, and will admit of the drawing the water from Lake Hibiscus whenever further excavation shall be made for the purpose of enlarging the lake.

The Commissioners would call the attention of all owners of lots to an act passed by the Legislature, Feb. 25th, 1852, and accepted by the City Council, March 8th, 1852. It is provided by this act that a sum of money, which shall be agreed upon, may be deposited, the interest of which will provide for the perpetual care of a lot.

The importance of this arrangement will be appreciated when it is considered that families are liable to become extinct; to remove from this part of the country; or from any cause to cease to be able or willing to keep a lot in preservation. The fund, the income of which is to be devoted to the perpetual care of designated lots, amounts to the sum of nine hundred and seventy-five dollars, and we hope this amount will be largely increased the ensuing year.

The Receipts and Expenditures for the year have been as follows :—

CEMETERY NOTICE.

For the information of those who do not know already, it may be well to state, that visitors can take the Dedham train of cars, and stop at the Forest Hills station, which leaves them within five minutes walk of the Cemetery. Any information relative to the Cemetery can be obtained of OLIVER MOULTON, Superintendent at the grounds; JOSEPH W. TUCKER, City Clerk, City Hall, Roxbury; or either of the Commissioners.

MEMORANDA FOR PROPRIETORS.

THE Records of Deeds are kept in the City Hall, under the direction of the City Clerk, and are the only evidence of the title of a Proprietor recognized by the Commissioners; consequently when a person receives a lot by transfer from a Proprietor, he should immediately send his deed at once to the City Clerk's office for record.

Care of Lots. A book is kept at the Superintendent's office at the Cemetery, in which are entered all orders for the care of lots. Proprietors should be particular to specify what care they desire to be devoted to their lots, and it is requested that all orders given should be in writing.

Flowers. Proprietors in want of flowers to beautify their lots, will find them at the Cemetery by calling on Mr. Duncan Welsh, the gardener, with whom they can settle for the same.

Interments. For a deposit in the receiving tomb, to remain not over 60 days, the price charged will be *fifteen dollars*. If a lot is purchased within that time, a part of the deposit money will be refunded. For a single grave in the "Field of Ephron," *ten dollars* and the necessary fees for digging a grave, interment, &c. For digging a grave for an adult, making interment and recording, \$2. For digging a grave for a child under ten years old, \$1.50. If the coffin is enclosed in a box, fifty cents additional will be charged.

The above sums are all payable at or before the time of the interment.

CEMETERY AT FOREST HILLS.
